

## **Bandstand 911**

Combination of master class and emergency medicine, in Bandstand 911, Veretski Pass tackles the issues that affect working and playing musicians in all kinds of music. Through a series of provocative and fun exercises, musicians will explore issues such as: on the spot arrangement; Secrets for creating and maintaining energy; Communication techniques; Who's in charge? Spontaneous combustion and train wrecks (bandstand emergencies). This class is perfect for pre-formed groups, spontaneously formed groups and individuals, in other words any instrumental musicians from intermediate to professional.
